

Bayla Lichter is a distinguished Board Certified Behavior Analyst (BCBA®) with a rich background in Early Childhood Education and Applied Behavior Analysis (ABA). Graduating with a master's degree in Early Childhood Education from Mercy College, NY, in 2012, Bayla furthered her expertise by completing her BCBA coursework at the esteemed Florida Institute of Technology in 2013.

In the summer of 2023, Bayla embarked on an entrepreneurial journey, founding her own ABA company, Social Circle ABA, with a vision to provide exceptional services to individuals in need. This venture culminated in the establishment of a clinic in February 2024, solidifying her commitment to delivering high-quality ABA therapy.

Prior to establishing Social Circle ABA, Bayla honed her skills as a clinical supervisor and Director of behavioral services at various ABA service providers in New Jersey. With over a decade of experience in ABA and Early Intervention services, Bayla has garnered extensive expertise in diverse settings including clinics, schools, homes, and communities. Her clientele ranges from toddlers as young as 1.5 years old to young adults up to 21 years of age.

Currently, Bayla leverages her wealth of experience to provide consultation and ongoing supervision, focusing on classroom-based behavioral interventions for several school districts across New Jersey. Through her unwavering dedication and comprehensive approach, Bayla Lichter continues to make a profound impact in the lives of individuals and families within the autism community.

Stephanie K. Loibl is a dedicated Registered Behavior Technician (RBT) with a passion for making a positive impact in the lives of children and families. With expertise in in-home, in-school, and clinic-based Applied Behavior Analysis (ABA) therapy, Stephanie brings a wealth of experience and a compassionate approach to her work.

Driven by a commitment to helping individuals with developmental challenges reach their fullest potential, Stephanie employs evidence-based strategies tailored

to each unique client. Her keen understanding of behavioral principles combined with her nurturing demeanor fosters an environment of growth and progress. Stephanie's proficiency in implementing ABA interventions allows her to collaborate effectively with interdisciplinary teams and caregivers to ensure comprehensive support for her clients. Through her dedication, empathy, and expertise, Stephanie K. Loibl continues to positively impact the lives of those she serves, helping them thrive and succeed.

Motivated by a desire to further her impact in the field of ABA, Stephanie will be embarking on a journey to pursue a Master's degree in Applied Behavioral Analysis starting in the fall of 2024. Through this educational endeavor, she aims to deepen her understanding of behavior analysis principles and methodologies, ultimately working towards becoming a Board Certified Behavior Analyst (BCBA).

Our Best Promise:

As a Board Certified Behavior Analyst (BCBA) and Registered Behavior Technician (RBT), our vision is to extend the transformative power of Applied Behavior Analysis (ABA) therapy to underserved communities in Malawi. Recognizing the urgent need for support and resources for children with developmental challenges and their families in this region, we are committed to traveling to Malawi in the summer of 2024.

Our mission is clear: to empower caregivers, medical professionals, and parents with the foundational knowledge and skills of ABA therapy. In a landscape where access to such services is scarce or non-existent, we aim to bridge the gap by providing comprehensive training and education.

By equipping local stakeholders with the tools to understand behavior principles, implement evidence-based interventions, and foster meaningful

progress in the lives of children with developmental disorders, we envision a future where every child in Malawi has the opportunity to reach their full potential.

Through collaborative efforts and community engagement, we aspire to not only deliver training sessions but also to establish sustainable support networks that will continue to thrive long after our departure. By building capacity within the community, we aim to create lasting change and empower individuals to become advocates for the well-being and inclusion of children with special needs.

Together, as dedicated professionals in the field of ABA therapy, we are committed to making a meaningful difference in the lives of those who need it most, one child and one family at a time. Our journey to Malawi represents a pivotal step towards realizing our shared vision of a world where every individual, regardless of circumstance, has the opportunity to thrive and succeed.
